

LASPEH 2.0

Enhancing the protection of priority habitats and species in protected areas of the South Adriatic

**GREEN**

LASPEH 2.0 - Enhancing the protection of priority habitats and species in protected areas of the South Adriatic - is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

**Duration**

start date - end date

01.07.2025 / 31.12.2027

Main Goal

LASPEH 2.0 enhances ecosystem resilience in the South Adriatic by addressing biodiversity loss through the joint development of tools for the improved management of Natura 2000 sites, the implementation of concrete conservation actions, and the definition of a Joint Strategy for the protection of priority species and habitats across borders.

**Total budget**

870.156,33 €

**EU funding**

714.263,65 €

Project Partners

- Lead Partner Puglia Region – Department of Environment, Landscape and Urban Quality (Italy)
- Partner Abruzzo, Lazio and Molise National Park (Italy)
- Partner Public Enterprise for National Parks of Montenegro (Montenegro)
- Partner Protection and Preservation of Natural Environment in Albania (Albania)
- Partner Municipality of Taranto (Italy)

Project main activities - Expected output/results

LASPEH 2.0 improves ecosystem resilience in the South Adriatic by jointly developing conservation measures, training and awareness activities, and cross-border actions for priority species and habitats. Coordinated by the Puglia Region to ensure alignment with EU biodiversity policies, and implemented with the active involvement of the Abruzzo, Lazio and Molise National Park, the Public Enterprise for National Parks of Montenegro, Protection and Preservation of Natural Environment in Albania, and the Municipality of Taranto, the project strengthens conservation capacities across the Programme Area.
